WELCOME

Thank you for choosing Kalamazoo Optometry for your eye health and vision care needs.

This package has information about our practice and includes forms to complete regarding medical history, our privacy policies and payment policies.

If you have any questions, do not hesitate to ask one of our staff members.

OUR SERVICES

In brief, our goal is to provide you with the best possible eye exam, period. Our opinion is that a great eye exam should provide you with the clearest and most comfortable vision, but also address eye health related needs including red eyes, glaucoma, macular degeneration (AMD), cataracts, dry eye, and others.

Beyond comprehensive exams we also provide children and InfantSee exams, vision therapy, sports vision testing, contacts lenses and specialty lenses, laser surgery co-management and much more.

We also have an optical dispensary which offers fashionable eye wear, quality lenses, and great customer service. Our opticians, with over 30 years of combined experience, do an incredible job finding the right glasses for you at the right price.

ABOUT US

Kalamazoo Optometry is the most established eye care practice in the county, with a long and vibrant history. Founded in 1935, our current doctors and staff continue to improve upon the past eight decades of great service and happy patients.

OUR DOCTORS

Dr. Adams graduated from Indiana University and is diagnostic and therapeutically certified. He performs comprehensive eye exams and his focuses are sports vision and co-management of laser refractive surgery. In his free time, Dr. Adams enjoys fishing, gardening and spending time with family.

Dr. Sutter, is a Michigan native, born and raised in Saginaw, MI. She graduated from the Michigan College of Optometry and is diagnostic and therapeutically certified. Dr. Sutter provides complete exams, with focuses in contact lenses and pediatrics. Outside of work she enjoys college sports and being outdoors.

Dr. Greco grew up in the great white north of Canada, but has attended post-secondary school in Michigan. He also graduated from the Michigan College of Optometry and is diagnostic and therapeutically certified. Dr. Greco provides complete eye exams, with focuses in specialty contact lenses and glaucoma management. With his spare time he enjoys cooking and baking Italian food, gardening and hockey.
